Price evolution for Passenger transport by railway services since February 2014

price increase of 2.8% has occurred in February 2014 for Passenger transport by railway (COICOP group 0731). Due to a clerical error, this increase has not been taken into account in February but was included in April 2014.

The table below shows the impact on the February and March HICP sub-indices. For the All-items HICP, the correction is equal to zero for a yearly and monthly price increase computed with a precison of one decimal of percentage. In April, the increase has been taken into account and there is no impact after this date.

Table: Impact on HICP series

	Month			
COICOP group	Status	f-14	m-14	a-14
00 - All-items	published	115,33	115,92	115,89
	actual	115,35	115,94	115,89
07 - Transport	published	122,64	121,90	123,05
	actual	122,76	122,02	123,05
073 - Transport services	published	111,42	110,36	115,77
	actual	112,13	111,06	115,77
0731 - Passenger transport by railway (S)	published	123,18	123,18	126,63
	actual	126,62	126,63	126,63

<u>Note</u>: the "actual" line shows the value of the index if the increase had been taken into account in February instead of April 2014.
