Revisions

The SA-WDA evolution in September has been revised by +0.4 point in business support activities. The decrease, initially announced at -1.4 %, is corrected at -1.0 %. This correction is due to the coefficients SA-WDA's updating in the sector of architectural and engineering activities. In the same period, the SA-WDA evolution has been revised by +0.1 point in real estate activities and by -0.1 point in the wholesale trade. In the same period, the turnover's variation has been confirmed in transportation and storage and in information and communication.
