

STUDY OF PEOPLE USING SUPPORT SERVICES

Your personal data

The answers to this questionnaire are protected by statistical secrecy and meant for the National Institute of Statistics and Economic Studies (Insee) and the Directorate for Research, Studies, Evaluation and Statistics (Drees). These answers as well as the pseudonymized information obtained via data matching with the National System of Health Data (SNDS), personal records or other administrative data available will be saved for ten years once the collection for the purposes of the survey has been completed. After five years, they will be archived. At all times, their use and access will be strictly controlled and limited to the formulation of statistics or scientific or historical research work. This information could be used as part of subsequent studies conducted by other researchers. General regulation 2016/679 from April 27, 2016 regarding data protection (GDPR) as well as law #78-17 from January 6, 1978 related to Data Privacy, Data Files and Individual Liberties are applied to this study. Only Insee and Drees will be the recipients of any identifying information (name and contact information), as well as the Archives of France in accordance with the provisions under article L.212-4 of the Heritage Code; this information will be saved for 2 years.

The people surveyed may exercise their right to access, correct and, limit the processing of their personal information during the data conservation period. They can also oppose data matching with the SNDS and its reutilization as part of subsequent studies carried out by other researchers. These rights may be exercised with Insee (contact-rgpd@insee.fr) or the data protection officer for the Ministry of the Economy, Finances and Industrial and Digital Sovereignty at Bercy (139, rue de Bercy, 75012 Paris). If you believe it necessary, you can send a claim to the Cnil (www.cnil.fr).
